The awards were given to international and domestic tourism departments, hoteliers, destinations, facilitators, service providers, and trendsetters at the function, which was attended by delegates from around the world.

“This is a rousing endorsement of Kerala Tourism’s conscious initiatives to increase the footfalls in the state through a string of new offerings to young people. The state is blessed with natural endowments like swaying palms, tranquil backwaters, rollicking beaches and undulating mountains, besides its famed Ayurveda system of holistic wellness. Of late, we have launched initiatives to provide oodles of fun-filled and adventure activities to broaden our tourism portfolio. This award will go a long way in giving a fillip to our efforts,” said Kerala Tourism Minister Shri Kadakampally Surendran.
