1. INTRODUCTION

Kerala's coastal lines are enriched with pristine untapped natural beauty. This is especially true in Malabar, which has the longest coastal line with potential resources, and has attracted traders and visitors from all over the world. Since time immemorial, it has had a rich heritage of spice/cotton trading and indigenous shipbuilding. Beypore is an ancient port located in northern Kerala and is referred to as the "gem of Malabar" with the perfect blend of natural resources, history, culture, and heritage. The place has vast potential for water adventure activities, especially at the breakwater and clam shore.

Understanding this possibility of water adventure activities, the tourism department has initiated the annual Beypore water festival. The first edition of this festival in 2021 hosted around 5 lakh visitors and was a huge success. Subsequent season also captured the attention of visitors both nationally and Internationally. The key attractions were a variety of kayaking competitions, national sailing competition, stand up paddling, dinghy boat race, bamboo rafting competition, Boat parades, fly board demos, community participation events (boat parades, country boat races, Net throwing, fishing, treasure hunt, and photography competition, etc. The presence of famous sailors like Abhilash Tomy made the event more colourful. The International Kite Festival's massive animal shapes won the hearts of visitors and became the pride and joy of the festival. Culinary enthusiasts were drawn to the Beypore Water Festival's food and flea market, which showcased the mouth watering flavours of Calicut. Also, the participation of the Navy and Coast Guard with their warship display, drone flight pass, and band performance attracted thousands of people to the Beypore International water fest
This year we are planning to make the event more colourful.

2. Tender for Country Boat Race Bepore International Water Fest

- I. Interested organizations and individuals are invited. They should collect all necessary details as may be considered necessary and acquaint with the exact nature of the event, the coastal and climatic conditions and the nature of site conditions for successful conduct of the event.

1. INTRODUCTION

Kerala's coastal lines are enriched with pristine untapped natural beauty. This is especially true in Malabar, which has the longest coastal line with potential resources, and has attracted traders and visitors from all over the world. Since time immemorial, it has had a rich heritage of spice/cotton trading and indigenous shipbuilding. Beypore is an ancient port located in northern Kerala and is referred to as the "gem of Malabar" with the perfect blend of natural resources, history, culture, and heritage. The place has vast potential for water adventure activities, especially at the breakwater and clam shore.

Understanding this possibility of water adventure activities, the tourism department has initiated the annual Beypore water festival. The first edition of this festival in 2021 hosted around 5 lakh visitors and was a huge success. The festival's highlights included a month-long series of pre-events, including a sand art festival, cultural programs, flash mobs, cleaning drives, a heritage walk, and cycling. Subsequent season also captured the attention of visitors both nationally and Internationally. The key attractions were a variety of kayaking competitions, national sailing competition, stand up paddling, dinghy boat race, bamboo rafting competition, Boat parades, fly board demos, community participation events (boat parades, country boat races, Net throwing, fishing, treasure hunt, and photography competition, etc. The presence of famous sailors like Abhilash Tomy made the event more colourful. The National Kite Festival's massive animal shapes won the hearts of visitors and became the pride and joy of the festival. Culinary enthusiasts were drawn to the Beypore Water Festival's food and flea market, which showcased the mouth watering flavours of Calicut. Also, the participation of the Navy and Coast Guard with their warship display, drone flight pass, and band performance fascinated people.

This year we are planning to make the event more colourful.

2. Event Partners for Beypore International Water Fest

- I. Organizations and individuals are invited to register as Event Partners in accordance with the information and instructions furnished in this document. They should collect all necessary details as may be considered necessary and acquaint with the exact nature of the event, the coastal and climatic conditions and the nature of site conditions for successful conduct of the event.
